<b>OPERATING BUDGET TOTAL</b>	<b>120</b>

Active State Policies
<b>Statewide Hiring Freeze.</b> Deseret's legislature, in conjunction with gubernatorial mandates, has initiated a statewide hiring freeze for all institutions of higher learning. Severe penalties have been enacted to curb unnecessary hiring by state agencies and organizations.
<b>Penalties for Serious Administrative Bloat.</b> The state legislature has enacted serious penalties for state educational institutions that have been deemed over-administrated or are suffering from what pundits have termed "serious administrative bloat."
<b>Active Efforts to Cut Government Overspending.</b> A healthy majority of fiscally conservative lawmakers were elected during the last election cycle. The push for a fiscally conservative state government has led to active efforts led by the governor's office and the state legislature to cut government overspending, especially in those areas deemed responsible for their funding streams, such as institutions of higher learning.
